

LEISURE YACHTS

LEISURE 24

A New Generation
of Family Cruiser

SAFE AT SEA

Balanced modern rig 'high tech' twin keels and a long waterline length contribute to a sea kindly design that will look after her crew and is fast on and off the wind. Roller furling genoa and mainsail reefing can all be carried out from the security of the cockpit.

EXPLORE HIDDEN PLACES

Shallow draft and good sailing ability enables you to explore the quieter rivers and creeks and enjoy anchorages and berths that other yachts cannot reach.

COMFORTABLE LIVING

Modern design creates an unusual amount of space in a 24ft yacht. Hand crafted oak trim, quality fabrics, a practical galley and a spacious toilet compartment compliment this to provide comfortable living at sea.

Your next step to being the proud owner of a LEISURE 24 is to contact:-
